

Understand the consulting market in Albania? *Know how.*

The **European Bank for Reconstruction and Development (EBRD)** and the **Albanian Consulting Network (ACN)** are pleased to invite you to attend a

Workshop with local consultants

Hotel Tirana International, Room Onufri

Thursday, 25 June 2015 16:30-19:00

At the EBRD, we believe that businesses need professional know-how to grow and stay competitive. The EBRD connects businesses with local consultants for dynamic projects in a range of areas of expertise, explaining the process and sharing the project cost with the client. We work on both the demand and the supply sides, providing professional development opportunities to local consultants, including training, developing less represented consulting areas and working with local consulting associations. This work is part of the EBRD's wider support to SMEs, which provides integrated tools for small businesses including direct financing, financing through financial institutions, business advice and policy dialogue.

Join us to learn more about the findings of the EBRD's latest Annual Consultant Review, the work of the Albanian Consulting Network and the financing instruments the EBRD offers SME clients.
